Asure Software unveils new AsureForce Mobile App with Geo-positioning Verification

AUSTIN, Texas, Oct. 17, 2017 (GLOBE NEWSWIRE) -- Asure Software, Inc. (NASDAQ:ASUR), a leading provider of Human Capital Management (HCM) and workplace management software, announced the upcoming release of its new mobile app, AsureForce Mobile. The easy-to-use app brings the power of AsureForce Time, Asure Software's comprehensive Time and Labor Management solution, and smart phones, giving mobile workers increased flexibility in tracking and managing their time.

AsureForce Mobile enables employees to easily clock in and out from their mobile device, while geopositioning verifies the location of mobile workers. Employees can also transfer work assignments, submit time off requests, view their schedule, and verify their available accrual balance. Additionally, supervisors can clock in and out their employees using the Crew Punch feature.

Director of AsureForce Product Management, Lori Bello states, "We are excited to not only release a powerful new app, but to offer it as a part of our core product, at no additional charge to clients. It speaks to our fundamental goal of building companies of the future, where mobility is embraced and the advantages of the digital workplace are promoted across organizations."

AsureForce Mobile is compatible with Apple and Android devices and is available for download today in the Google Play and Apple stores. AsureForce Mobile is compatible with AsureForce Time version 10.9.
