

Forgent Announces DVR Patent Lawsuit Update

Court Issues Two Orders Relating to DVR Litigation

AUSTIN, TX, Dec 12, 2006 (MARKET WIRE via COMTEX News Network) -- Forgent™ Networks (NASDAQ: FORG) -- On Friday, December 8, 2006, the US Federal Court for the Eastern District of Texas issued an order relating to Forgent's infringement contentions in the 6,285,746 patent litigation. In addition, on November 20, 2006, the Court denied a motion to stay the litigation pending the outcome of the US Patent Office reexamination of the patent. "We are pleased that this litigation remains on track for a May 2007 trial," commented Richard Snyder.

About Forgent

Forgent[™] Networks (NASDAQ: FORG) develops and licenses intellectual property and provides scheduling and asset management software to a wide variety of organizations. Forgent's intellectual property licensing program is related to communication technologies developed from its patent portfolio. Forgent's software division, NetSimplicity, develops software that simplifies day-to-day office administration tasks. The products are specifically designed for the management and scheduling of rooms, equipment, assets and resources. For additional information please visit www.forgent.com.

Safe Harbor

This release may include projections and other forward-looking statements that involve a number of risks and uncertainties, and actual results in future periods may differ materially from those currently expected. Some of the factors that could cause actual results to differ materially include changes in the general economy or in our industry, rapid changes in technology; sales cycle and product implementations; risks associated with transitioning to a new business model and the subsequent limited operating history; the possibility of new entrants into our software markets, the possibility that the market for the sale of certain software and services may not develop as expected; or that development of these software and services may not proceed as planned; the risks associated with the company's license program, and including risks of litigation involving intellectual property, patents and trademarks. Additional discussion of these and other risk factors affecting the company's business and prospects is contained in the company's periodic filings with the SEC.
