#### NOTE 1 - THE COMPANY AND BASIS OF PRESENTATION

Asure Software, Inc., ("Asure", the "Company", "we" and "our"), a Delaware Corporation, is a leading provider of Human Capital Management ("HCM") and Workspace Management, offering intuitive and innovative cloud-based solutions designed to help organizations of all sizes and complexities build companies of the future. Our cloud platform enables clients worldwide to better manage their people and space in a mobile, digital, multi-generational, and global landscape. Asure's offerings include a fully-integrated HCM platform, flexible benefits and compliance administration, Human Resources ("HR") consulting, and time and labor management as well as a full suite of workspace management solutions for conference room scheduling, desk sharing programs, and real estate optimization. We develop, market, sell and support our offerings worldwide through our principal office in Austin, Texas and through additional offices in Alabama, California, Florida, Massachusetts, Michigan, Nebraska, New York, North Carolina, Oregon, Tennessee, Vermont, Washington, and the United Kingdom.

We have prepared the accompanying unaudited condensed consolidated financial statements in accordance with the rules and regulations of the Securities and Exchange Commission and accordingly, they do not include all information and footnotes required under U.S. generally accepted accounting principles ("U.S. GAAP") for complete financial statements. Certain reclassifications were made to conform to the current period presentation in the condensed consolidated statements of comprehensive loss. These reclassifications include a change in the presentation of revenues.

In the opinion of management, these interim financial statements contain all adjustments, consisting of normal, recurring adjustments, necessary for a fair presentation of our financial position as of June 30, 2019, the results of operations and statements of changes in stockholders' equity for the three and six months ended June 30, 2019 and June 30, 2018, and our statements of cash flows for the six months ended June 30, 2019 and June 30, 2018.

These condensed consolidated financial statements should be read in conjunction with our audited consolidated financial statements and notes thereto filed with the Securities and Exchange Commission in our annual report on Form 10-K for the fiscal year ended December 31, 2018. The results for the interim periods are not necessarily indicative of results for a full fiscal year.

#### NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

# USE OF ESTIMATES

Preparation of the consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities, the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. These estimates are subjective in nature and involve judgments that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at fiscal year end and the reported amounts of revenues and expenses during the reporting period. These estimates are subjective in nature and involve judgments that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at fiscal year end and the reported amounts of revenues and expenses during the reporting period. The more significant estimates made by management include the valuation allowance for the gross deferred tax assets, useful lives of fixed assets, the determination of the fair value of its long-lived assets, and the fair value of assets acquired and liabilities assumed during acquisitions. We base our estimates on historical experience and on various other assumptions management believes reasonable under the given circumstances. These estimates could be materially different under different conditions and assumptions. Additionally, the actual amounts could differ from the estimates made. Management periodically evaluates estimates used in the preparation of the consolidated financial statements for continued reasonableness. We make appropriate adjustments, if any, to the estimates used prospectively based upon such periodic evaluation.

#### **RECENT ACCOUNTING PRONOUNCEMENTS**

#### **Recently Adopted Standards**

In February 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-02, "Leases (Topic 842)". The core principle of the standard is that a lessee should recognize the assets and liabilities that arise from leases. A lessee should recognize in its statement of financial position a liability to make lease payments (the lease liability) and a right-of-use ("ROU") asset representing its right to use the underlying asset for the lease term. Additional qualitative and quantitative disclosures are also required. We adopted the standard on January 1, 2019, utilizing the cumulative-effect adjustment transition method, which applies the provisions of the standard at the effective date without adjusting the comparative periods presented. Upon adoption, we did not record an adjustment to our beginning accumulated deficit.

(Amounts in thousands, except share and per share data unless otherwise noted)

In addition, we adopted the following additional practical expedients available for implementation:

- •An entity need not reassess whether any existing or expired contracts are or contain leases;
- •An entity need not reassess lease classification for any existing or expired leases; and
- •An entity need not reassess initial direct costs for any existing leases.

We recognized lease liabilities of approximately \$8,900 on January 1, 2019. A right-of-use asset of approximately \$8,200 was recognized based on the lease liability, adjusted for the reclassification of deferred rent and lease incentive of approximately \$680. The standard did not materially impact our operating results or liquidity upon adoption. The standard has no impact on the timing or classification of our cash flows as reported in the Condensed Consolidated Statement of Cash Flows. Our accounting for finance leases remained substantially unchanged. Disclosures related to this standard are included in Note 7, *Leases*.

In February 2018, the FASB issued ASU No. 2018-02, "Income Statement - Reporting Comprehensive Income (Topic 220): Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income", which provides entities the option to reclassify tax effects stranded in accumulated other comprehensive income as a result of the 2017 Tax Cuts and Jobs Act ("the Tax Act") to retained earnings. We adopted the standard effective January 1, 2019. The adoption of this accounting standard did not have a material impact on our financial position, results of operations, cash flows, or presentation thereof.

#### Standards Yet To Be Adopted

The FASB issued ASU No. 2018-13, *Fair Value Measurement (Topic 820)*. The new guidance modifies disclosure requirements related to fair value measurement. The amendments in this ASU are effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Implementation on a prospective or retrospective basis varies by specific disclosure requirement. Early adoption is permitted. The standard also allows for early adoption of any removed or modified disclosures upon issuance of this ASU while delaying adoption of the additional disclosures until their effective date. We plan to adopt this standard at the effective date and do not expect any material impact from adoption.

The FASB issued ASU No. 2018-15, *Intangibles-Goodwill and Other-Internal-Use Software (Subtopic 350-40)*. The new guidance reduces complexity for the accounting for costs of implementing a cloud computing service arrangement and aligns the requirements for capitalizing implementation costs incurred in a hosting arrangement that is a service contract with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software (and hosting arrangements that include an internal use software license). For public companies, the amendments in this ASU are effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019, with early adoption permitted. Implementation should be applied either retrospectively or prospectively to all implementation costs incurred after the date of adoption. The effects of this standard on our financial position, results of operations or cash flows are not expected to be material.

#### **LEASES**

At the commencement date of a lease, we recognize a liability to make lease payments and an asset representing the right to use the underlying asset during the lease term. The lease liability is measured at the present value of lease payments over the lease term. As our leases typically do not provide an implicit rate, we use our incremental borrowing rate based on the information available at the commencement date taking into consideration necessary adjustments for collateral, depending on the facts and circumstances of the lessee and the lease dasset, and term to match the lease term. The ROU asset is measured at cost, which includes the initial measurement of the lease liability and initial direct costs incurred by the Company and excludes lease incentives. Lease liabilities are recorded in other current liabilities and other non-current liabilities. ROU assets are recorded in other assets, net.

Lease terms may include options to extend or terminate the lease when it is reasonably certain that we will exercise that option. Operating lease costs are recognized on a straight-line basis over the lease term. Lease agreements that contain both lease and non-lease components are generally accounted for separately.

## **CONTINGENCIES**

Although we have been, and in the future may be, the defendant or plaintiff in various actions arising in the normal course of business, as of June 30, 2019, we were not party to any pending legal proceedings.

#### NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS

As of June 30, 2019 and December 31, 2018, \$4,556 and \$4,256, respectively, of funds held for clients were invested in short-term available-for-sale securities consisting of government and commercial bonds, including mortgage backed securities. As of June 30, 2019 and December 31, 2018, we also had \$31,616 and \$0, respectively, of funds held for clients invested in money market funds. Additionally, at June 30, 2019 and December 31, 2018, we had \$10,973 and \$8,111, respectively, in money market funds, classified as cash equivalents.

Investments classified as short-term available-for-sale consisted of the following:

	A	Amortized Cost	Gross Unrealized Gains <sup>(1)</sup>	Gross Unrealized Losses <sup>(1)</sup>	Aggregate Estimated Fair Value
June 30, 2019:					
Corporate debt securities -Funds Held for Clients (2)	\$	4,530	\$ 52	\$ (26)	\$ 4,556
December 31, 2018:					
Corporate debt securities -Funds Held for Clients (2)	\$	4,334	\$ 21	\$ (99)	\$ 4,256

- (1) Unrealized gains and losses on available-for-sale securities are included as a component of comprehensive loss. At June 30, 2019 and December 31, 2018, there were 34 and 26 securities, respectively, in an unrealized gain position and there were 29 and 32 securities, respectively, in an unrealized losses were less than \$30 individually and \$170 in the aggregate. These securities have not been in a continuous unrealized gain or loss position for more than 12 months. We do not intend to sell these investments and we do not expect to sell these investments before recovery of their amortized cost basis, which may be at maturity. We review our investments to identify and evaluate investments that have an indication of possible other-than-temporary impairment. Factors considered in determining whether a loss is other-than-temporary include the length of time and extent to which fair value has been less than the cost basis, the financial condition and near-term prospects of the investee, and our intent and ability to hold the investment for a period of time sufficient to allow for any anticipated recovery in market value.
- (2) At June 30, 2019 and December 31, 2018, none of these securities were classified as cash and cash equivalents on the accompanying condensed consolidated balance sheet.

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* defines fair value, establishes a framework for measuring fair value in U.S. generally accepted accounting principles and expands disclosures about fair value measurements.

ASC 820 establishes a three-tier fair value hierarchy, which is based on the reliability of the inputs used in measuring fair values. These tiers include:

- Level 1: Quoted prices in active markets for *identical* assets or liabilities;
- Level 2: Quoted prices in active markets for *similar* assets or liabilities; quoted prices in markets that are not active for identical or similar assets or liabilities; and model-driven valuations whose significant inputs are observable; and
- Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Term Loan - Wells Fargo

In March 2018, we entered into a second amended and restated credit agreement (the "Second Restated Credit Agreement") with Wells Fargo, and the lenders that are parties thereto, amending and restating the terms of the Amended and Restated Credit Agreement dated as of May 2017, which had previously amended and restated our credit agreement from March 2014. The Second Restated Credit Agreement contains customary events of default, including, among others, payment defaults, covenant defaults, judgment defaults, bankruptcy and insolvency events, cross defaults to certain indebtedness, incorrect representations or warranties, and change of control. In some cases, the defaults are subject to customary notice and grace period provisions. We and our wholly-owned active subsidiaries are also parties to a Guaranty and Security Agreement with Wells Fargo Bank in connection with the our Second Restated Credit Agreement (and earlier versions of the credit agreement). Under the Guaranty and Security Agreement, we and each of our wholly-owned active subsidiaries have guaranteed all obligations under the Credit Agreement and granted a security interest in substantially all of our and our subsidiaries' assets.

(Unaudited)

(Amounts in thousands, except share and per share data unless otherwise noted)

The Second Restated Credit Agreement provides for a total of \$175,000 in available financing consisting of (a) \$105,000 in the aggregate principal amount of term loans; (b) a \$5,000 line of credit; (c) a \$25,000 delayed draw term loan commitment for the financing of permitted acquisitions; and (d) a \$40,000 accordion. Financing under the delayed draw term loan commitment and accordion are subject to certain conditions as described in the Second Restated Credit Agreement.

The Second Restated Credit Agreement amends the applicable margin rates for determining the interest rate payable on the loans as follows:

Leverage Ratio	First Out Revolver Base Rate Margin	First Out Revolver LIBOR Rate Margin	First Out TL Base Rate Margin	First Out TL LIBOR Rate Margin	Last Out Base Rate Margin	Last Out LIBOR Rate Margin
≤ <b>3.25:1</b>	4.25 percentage points	5.25 percentage points	1.75 percentage points	2.75 percentage points	6.75 percentage points	7.75 percentage points
> 3.25:1	4.75 percentage points	5.75 percentage points	2.25 percentage points	3.25 percentage points	7.25 percentage points	8.25 percentage points

The outstanding principal amount of the term loans is payable as follows:

- \$263 beginning on June 30, 2018 and the last day of each fiscal quarter thereafter up to March 31, 2020, plus an additional amount equal to 0.25% of the principal amount of all delayed draw term loans;
- \$656 beginning on June 30, 2020 and the last day of each fiscal quarter thereafter up to March 31, 2021, plus an additional amount equal to 0.625% of the principal amount of all delayed draw term loans; and
- \$1,313 beginning on June 30, 2021 and the last day of each fiscal quarter thereafter, plus an additional amount equal to 1.25% of the principal amount of all delayed draw term loans.

The Second Restated Credit Agreement also:

- amended our leverage ratio covenant;
- amended our fixed charge coverage ratio to be not less than 1.25:1 at March 31, 2018 and each quarter-end thereafter; and •
- removed the TTM recurring revenue covenant.

In January 2019, we entered into a Consent and Amendment No. 2 to the Second Restated Credit Agreement (the "Consent and Amendment No. 2"), with Wells Fargo Bank, National Association and Goldman Sachs Specialty Lending Holdings, Inc. Under the terms and conditions of the Consent and Amendment No. 2, the agent and required lenders consented to our acquisition of Pavroll Maxx LLC as a "permitted acquisition" and we borrowed a delayed draw term loan in the aggregate amount of \$8,000. The Consent and Amendment No. 2 also amends, among other things, our leverage ratio covenant to increase the maximum ratio to 6.00:1 at March 31, 2019, June 30, 2019 and September 30, 2019 and then stepping down each quarter-end thereafter through December 31, 2020.

As of June 30, 2019 and December 31, 2018, \$4,000 and \$0 was outstanding and \$1,000 and \$5,000, respectively, was available for borrowing under the revolver.

As of June 30, 2019, we were in compliance with all financial covenants and all payments remain current. We expect to be in compliance with our debt agreements and related covenants over the next twelve months.

# NOTE 6 - CONTRACTS WITH CUSTOMERS AND REVENUE CONCENTRATION

#### **Receivables**

Receivables from contracts with customers, net of allowance for doubtful accounts of \$1,116 were \$12,776 at June 30, 2019. Receivables from contracts with customers, net of allowance for doubtful accounts of \$1,467, were \$14,291 at December 31, 2018.

#### (Amounts in thousands, except share and per share data unless otherwise noted)

#### **Deferred** Commissions

Deferred commission costs from contracts with customers were \$4,246 and \$3,675 at June 30, 2019 and December 31, 2018, respectively and are included in other assets on the accompanying condensed consolidated balance sheet. The amount of amortization recognized for the three and six months ended June 30, 2019 was \$471 and \$816, respectively.

#### **Deferred Revenue**

Revenue of \$3,328 and \$8,188 was recognized during the three and six months ended June 30, 2019 that was included in the deferred revenue balance at the beginning of each period.

#### Transaction Price Allocated to the Remaining Performance Obligations

As of June 30, 2019, approximately \$47,279 of revenue is expected to be recognized from remaining performance obligations. We expect to recognize revenue on approximately 63% of these remaining performance obligations over the next 12 months, with the balance recognized thereafter.

#### **Revenue Concentration**

During the three and six months ended June 30, 2019 and June 30, 2018, there were no customers who individually represented 10% or more of consolidated revenue.

#### NOTE 7 – LEASES

We have entered into eighteen office space lease agreements, which qualify as operating leases under the Topic 842. Under such leases, the lessors receive annual minimum (base) rent. The leases have original terms (excluding extension options) ranging from one to ten years. Our lease agreements do not contain any material residual value guarantees or material restrictive covenants.

We record base rent expense under the straight-line method over the term of the lease. In the accompanying condensed consolidated statements of comprehensive loss, rent expense is included in operating expenses under selling, general and administrative expenses. Total straight line rent expense and deprecation of the ROU asset for the three and six months ended June 30, 2019 was \$405 and \$816, respectively.

As of June 30, 2019, we had lease liabilities of \$7,881, of which \$1,631 are classified as other current accrued liabilities, and ROU assets of \$7,307, which are included in other assets on the accompanying condensed consolidated balance sheet. The current and non-current portions of the lease liabilities are included in other accrued liabilities and other liabilities, respectively, on the accompanying condensed consolidated balance sheet. For purposes of calculating the ROU assets and lease liabilities for such leases, extension options are not included in the lease term unless it is reasonably certain we will exercise the option, or the lessor has the sole ability to exercise the option. Our incremental borrowing rate of 9.00% is estimated to approximate our interest rate on a collateralized basis with similar terms and payments, using a portfolio approach. The weighted average remaining lease term of leases with a lease liability as of June 30, 2019 is 6.0 years (excluding extension options).

(Unaudited)

(Amounts in thousands, except share and per share data unless otherwise noted)

Future minimum commitments over the life of all operating leases, which exclude variable rent payments, are as follows:

	Total Op	erating Leases
2019 (remainder)	\$	1,191
2020		2,100
2021		1,947
2022		1,417
2023		711
Thereafter		2,977
Total minimum lease payments		10,343
Less imputed interest		(2,462)
Total lease liabilities	\$	7,881

#### **NOTE 8 – SHARE BASED COMPENSATION**

We have one active equity plan, the 2018 Incentive Award Plan (the "2018 Plan"). The 2018 Plan, approved by our shareholders, replaced our 2009 Equity Incentive Plan, as amended (the "2009 Plan"), however, the terms and conditions of the 2009 Plan continues to govern any outstanding awards previously granted under the 2009 Plan.

The number of shares available for issuance under the 2018 Plan is equal to the sum of (i) 1,350,000 shares, and (ii) any shares subject to issued and outstanding awards under the 2009 Plan as of the effective date of the 2018 Plan that expire, are canceled or otherwise terminate following the effective date of the 2018 Plan. We have 1,502,148 options granted and outstanding and 752,039 shares available for grant pursuant to the 2018 Plan as of June 30, 2019. In May 2019, our shareholders approved a one-time program to exchange underwater options to purchase shares of our common stock held by eligible employees for a lesser number of restricted stock units under the Asure Software, Inc. 2018 Incentive Award Plan. We have twelve months from May 2019 to implement this one-time program.

Share based compensation for our stock option plans for the three months ended June 30, 2019 and June 30, 2018 were \$392 and \$329, respectively. and \$1,003 and \$523 for the six months ended June 30, 2019 and 2018, respectively. We issued 85,000 shares of common stock related to exercises of stock options for the three months ended June 30, 2019 and 24,000 for the three months ended June 30, 2018, respectively. We issued 8,000 and no shares of common stock related to the issuance of vested restricted stock units for the three months ended June 30, 2019 and 2018, respectively.

## **NOTE 9 – OTHER COMPREHENSIVE LOSS**

Comprehensive income (loss) represents a measure of all changes in equity that result from recognized transactions and other economic events other than those resulting from investments by and distributions to shareholders. Our other comprehensive income (loss) includes foreign currency translation adjustments.

The following table presents the changes in each component of accumulated other comprehensive income (loss), net of tax:

#### NOTE 10 - NET LOSS PER SHARE

We compute net loss per share based on the weighted average number of common shares outstanding for the period. Diluted net loss per share reflects the maximum dilution that would have resulted from incremental common shares issuable upon the exercise of stock options. We compute the number of common share equivalents, which includes stock options, using the treasury stock method. We have excluded stock options to acquire approximately 1,502,000 and 1,394,000 shares for the three and six months ended June 30, 2019 and June 30, 2018, respectively, from the computation of the dilutive stock options because the effect of including the stock options would have been anti-dilutive.

The following table sets forth the computation of basic and diluted net income (loss) per common share for the three months ended June 30, 2019 and June 30, 2018:

	Three Months Ended June 30, 2019		Three Months Ended June 30, 2018		Six Months Ended June 30, 2019		Six Months Ended une 30, 2018

## NOTE 11 – SUBSEQUENT EVENTS

The Company evaluated subsequent events through the date of the filing of this Quarterly Report on Form 10-Q with the SEC, to ensure that this filing includes appropriate disclosure of events both recognized in the condensed consolidated financial statements as of June 30, 2019, and events which occurred subsequent to June 30, 2019 but were not recognized in the condensed consolidated financial statements. The Company has determined that there were no subsequent events which required recognition, adjustment to or disclosure in the financial statements.

### ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

#### CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Certain statements in this Report represent forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors that may cause actual results of operations, levels of activity, economic performance, financial condition or achievements to be materially different from future results of operations, levels of activity, economic performance, financial condition or achievements as expressed or implied by such forward-looking statements. Asure has attempted to identify these forward-looking statements with the words "believe," "estimate," "continue," "seek," plan," "expect," "intend," "anticipate," "may," "will," "could" and other similar expressions. Although these forward-looking statements reflect management's current plans and expectations, which we believe are reasonable as of the filing date of this report, they inherently are subject to certain risks and uncertainties. These risks and uncertainties include — but are not limited to — our ability to achieve or sustain profitability; adverse changes in the economy, financial markets, and credit markets; delays or reductions in information technology spending; the development of the market for cloud based workplace applications; product development; market acceptance of new products and product improvements; our ability to obtain additional capital; our ability to hire, retain and motivate employees; our ability to manage our growth; our ability to realize benefits from acquisitions; limited or single sources of supply to hire, retain and motivate employees; changes in sales may not be immediately reflected in our operating results due to our subscription model; changes in U.S and foreign

laws and regulations; changes in the Internet infrastructure; disruptions in computing and communication infrastructure; and changes in accounting standards. Please refer to Part II, Item IA, "Risk Factors" of this Form 10-Q and Part I, Item IA, "Risk Factors" of our most recently filed Annual Report on Form 10-K for a further description of these and other factors. Asure is under no obligation to update any of the forward-looking statements after the date of this Form 10-Q to conform such statements to actual results.

#### **OVERVIEW**

The following review of Asure's financial position as of June 30, 2019 and December 31, 2018, and results of operations for the three and six months ended June 30, 2019 and June 30, 2018 should be read in conjunction with our 2018 Annual Report on Form 10-K filed with the Securities and Exchange Commission. Asure's internet website address is http://www.asuresoftware.com. Our annual reports on Form 10-K, quarterly reports on Form 10, current reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 are available through the investor relations page of our internet website free of charge as soon as reasonably practicable after they are electronically filed, or furnished to, the Securities and Exchange Commission. Asure's internet website and the information contained in our website or connected to our website is not incorporated into this Quarterly Report on Form 10-Q.

Asure is a leading provider of Human Capital Management ("HCM") and Workspace Management, offering intuitive and innovative cloud-based solutions designed to help organizations of all sizes and complexities build companies of the future. Our cloud platforms enable clients worldwide to better manage their people and space in a mobile, digital, multi-generational, and global landscape. Asure's offerings include a fully-integrated HCM platform, flexible benefits and compliance administration, HR consulting, and time and labor management as well as a full suite of Agile Workspace solutions for conference room scheduling, desk sharing programs, and real estate optimization.

Asure's platform vision is to help clients proactively manage costs associated with their three most expensive assets, real estate, labor and technology, while creating an employee experience that fosters efficiency, productivity and engagement. Asure serves approximately 10,000 direct clients in 80 countries, ranging from global Fortune 500 clients to small and mid-sized businesses. Our mission guides the work we do each day; it is "To deliver innovative technology with the passion to empower every client's workspace and the commitment to make their workdays easier."

The Asure product strategy is driven by three primary trends in the market: mobilization, globalization and technology. Asure offers four product lines: AsureSpace<sup>™</sup>, AsureForce<sup>®</sup>, AsureHCM and AsureEvolution. AsureHCM and AsureEvolution are our Mid-market and SMB/Channel HCM platforms respectively, which include AsureBenefits and AsureConsulting. AsureSpace<sup>™</sup> Agile Workspace solutions enable organizations to optimize their real estate investment and create a digital workspace that empowers mobile and virtual employees, while streamlining internal operations. AsureForce<sup>®</sup> Time and Labor Management helps organizations optimize their workforce while controlling labor administration costs and activities.

For all of the Asure product lines, support and professional services are key elements of our value proposition and overall solution. In addition to state-of-the-art hosting platforms and regular software upgrades and releases, Asure gives our clients easy access to our skilled support team. Our services and support representatives are knowledgeable not just in the Asure solution, but also in their respective industries and provide advice and guidance on best practices and change management strategies. From installation to training and post-live support, our professional services team delivers a proficient customer experience on a global scale.

Our sales and marketing strategy targets a wide range of audiences: from small and medium-sized businesses to enterprise organizations throughout the United States, Europe and Asia/Pacific. Our unique blend of products allow us to compete in every industry, and we generate sales and opportunities through our direct sales team and our channel partners.

### **RESULTS OF OPERATIONS**

(\$ in thousands)

### Three and Six Months Ended June 30, 2019 Compared to Three and Six Months Ended June 30, 2018

The following table sets forth, for the fiscal periods indicated, the percentage of total revenues represented by certain items in Asure's Condensed Consolidated Statements of Comprehensive Income Loss:

	For the Three M June 3		For the Six M June	
	2019	2018	2019	2018
Revenue	100.0 %	100%	100.0%	100%

Net loss	(20.0)	(17.3)	(15.2)	(13.9)

#### Revenue

Our revenue was derived from the following sources (in thousands):

	For the Three Months Ended June 30,						
Revenue		2019		2018	Increa	ase (Decrease)	%
Recurring	\$	20,433	\$	17,749	\$	2,684	15.1
Professional services, hardware and other		4,408		4,018		390	9.7
Total revenue	\$	24,841	\$	21,767	\$	3,074	14.1

	For the Six Months Ended June 30,							
		2019		2018	Incre	ase (Decrease)	%	
Recurring	\$	43,994	\$	35,234	\$	8,760		24.9
Professional services, hardware and other		7,607		5,837		1,770		30.3
Total revenue	\$	51,601	\$	41,071	\$	10,530		25.6

Total revenue represents our consolidated revenues, including sales of our scheduling software, time and attendance and human resource software, as well as complementary hardware devices to enhance our software products. Recurring revenue consists of cloud revenue, maintenance and support revenue and interest earned on client funds. Professional services, hardware and other revenue consists of hardware revenue, on premise software license revenue as well as installation services and other professional services revenue. Revenue mix varies by product.

Revenue for the three months ended June 30, 2019 was \$24,841, an increase of \$3,074, or 14.1%, from the \$21,767 reported for the three months ended June 30, 2018. Recurring revenue increased primarily due to an increase in cloud revenue. Cloud revenue increased \$2,897, or 17.7%, primarily due to our 2017 and 2018 acquisitions and our continued emphasis on selling integrated cloud based solutions.

Revenue for the six months ended June 30, 2019 was \$51,601, an increase of \$10,530, or 25.6%, from the \$41,071 reported for the six months ended June 30, 2018. This increase was primarily due to an increase in cloud and hardware revenue. Cloud revenue increased \$8,589, or 26.2%, primarily as a result of the cloud revenue recognized by the 2018 acquisitions and our continued emphasis on selling integrated cloud based solutions. Hardware revenue also increased as compared to the six months ended June 30, 2018, due to the timing of work performed on contracts.

Although our total customer base is widely spread across industries, our sales are concentrated in certain industry sectors, including corporate education, healthcare, government, legal and non-profit. We continue to target small and medium sized businesses and divisions of larger enterprises in these same industries as prospective customers. Geographically, we sell our products worldwide, but sales are largely concentrated in the United States, Canada and Europe. Additionally, we have reseller partners in North America, UK, South Africa and Asia Pacific.

In addition to continuing to develop our workforce and Agile Workspace management solutions and release of new software updates and enhancements, we continue to actively explore other opportunities to acquire additional products or technologies to complement our current software and services.

### **Gross Profit and Gross Margin**

Consolidated gross profit for the three months ended June 30, 2019 was \$14,990, a slight increase of \$443 or 3.0%, from the \$14,547 reported for the three months ended June 30, 2018. Gross margin as a percentage of revenue was 60.3% for the three months ended June 30, 2019 as compared to 66.8% for the three months ended June 30, 2018. The decrease in gross margin is due to the mix of hardware and professional services revenue, with an increase in HCM revenue, which typically has lower margins.

Consolidated gross profit for the six months ended June 30, 2019 was \$33,052, an increase of \$4,758 or 16.8%, from the \$28,294 reported for the nine months ended June 30, 2018. Gross margins as a percentage of revenue were 64.1% and 68.9% for the six months ended June 30, 2019 and 2018, respectively. HCM revenue, which typically has lower gross margins, represents a larger portion of our revenue mix, therefore, resulting in a slight decrease in the gross margin as a percentage of revenue.

#### Selling, General and Administrative Expenses

Selling, general and administrative ("SG&A") expenses primarily consist of salaries and related expenses, including stock-based expenses, for sales and marketing staff, including commissions, as well as marketing programs, which include events, corporate communications and product marketing activities. SG&A also consists of salaries and related expenses, including stock-based expenses for finance and accounting, legal, internal audit, human resources and management information systems personnel, legal costs, professional fees, and other corporate expenses such as transaction costs for acquisitions. SG&A expenses for the three months ended June 30, 2019 were \$11,859, an increase of \$226, or 1.9%, from the \$11,633 reported for the three months ended June 30, 2018. SG&A expenses as a percentage of revenue decreased slightly to 47.7% from 53.4% for the three months ended June 30, 2019 and June 30, 2018, respectively.

SG&A expenses for the six months ended June 30, 2019 were \$24,624, an increase of \$2,282, or 10.2%, from the \$22,342 reported for the six months ended June 30, 2018. SG&A expenses as a percentage of revenue slightly decreased to 47.7% from 54.4% for the six months ended June 30, 2018 and 2017, respectively.

We continue to expand and increase selling costs as we focus on expanding recognition of our brand, increase our direct sales personnel, as well as continue to invest in a new ERP system and resources to improve the financial reporting process.

#### **Research and Development Expenses**

Research and development ("R&D") expenses consist primarily of salaries and related expenses, including stock-based expenses for employees supporting our R&D activities. R&D expenses for the three months ended June 30, 2019 were \$1,878, a slight of increase of \$320, or 20.5%, from the \$1,558 reported for the three months ended June 30, 2018. R&D expenses as a percentage of revenues increased to 7.6% from 7.2% for the three months ended June 30, 2019 and June 30, 2018, respectively.

R&D expenses for the six months ended June 30, 2019 were \$4,229, an increase of \$1,248, or 41.9%, from the \$2,981 reported for the six months ended June 30, 2018. R&D expenses as a percentage of revenue was 8.2% as compared to 7.3% for the six months ended June 30, 2019 and 2018, respectively.

We continue to expand our technical resources by increasing headcount, strategic partnerships and integration development; introducing new hardware products for 2019; as well as increasing investments into our initiative to migrate platforms to Amazon Web Services ("AWS"). We have also made significant investment outside of core R&D dollars into compliance and certifications, including SOC II Type 2 certifications, GDPR compliance, FedRamp certification (AsureSpace) and other initiatives.

We also continue to enhance our products and technologies through organic improvements as well as through acquired intellectual property. We will continue to expand the breadth of integration between our solutions, allowing direct clients and resellers the ability to easily add and implement components across our entire solution set. We believe that our expanded investment in SaaS hosting, mobile and hardware technologies lays the ground work for broader market opportunities, and represents a key aspect of our competitive differentiation. Native mobile applications, QR Code integration, expanded web service integration and other technologies are all part of our initiatives.

Our development efforts for future releases and enhancements are driven by feedback received from our existing and potential customers and by gauging market trends. We believe we have the appropriate development team to design and enhance our solution suite and integrated platform.

In the second quarter of 2019, we released new hardware products across all of our product lines, necessitating increased inventory expenses and affecting cash flow. R&D expenses during this quarter focused on new product releases and roadmap items shared at our annual user conference in June 2019, and are in line with our general objectives noted previously.

## **Amortization of Intangible Assets**

Amortization expenses for the three months ended June 30, 2019 were \$2,761, an increase of \$767, or 38.5%, from the \$1,994 reported for the three months ended June 30, 2018. Amortization expenses as a percentage of revenue were 11.1% and 9.2% for the three months ended June 30, 2019 and 2018, respectively. Amortization expenses for the six months ended June 30, 2019 were \$5,543, an increase of \$1,952, or 54.3% compared to \$3,591, reported for the six months ended June 30, 2018. Amortization expenses as a percentage of revenue were 10.7% and 8.7% for the six months ended June 30, 2019 and 2018, respectively. The increases are due to the amortization recorded on the intangibles acquired in the acquisitions during 2018 and the first quarter of 2019.

#### Other Income and Expense

Other expense for the three months ended June 30, 2019 was \$3,091, an increase of \$369, or 13.5%, from the \$2,722 reported for the three months ended June 30, 2018. Other expense as a percentage of revenue was consistent at 12.4% and 12.5% for the three months ended June 30, 2019 and June 30, 2018, respectively. Other expense for the six months ended June 30, 2019 was \$5,845, an increase of \$1,363, or 30.4%, from the \$4,482 reported for the six months ended June 30, 2018. Other expense as a percentage of revenue was 11.3% and 10.9% for the six months ended June 30, 2019 and 2018, respectively. Other expense for the three and six months ended June 30, 2019 and 2018 are composed primarily of interest expense on notes payable. The increase over the six months ended 2018 is primarily comprised of an increase in interest expense due to the higher debt balances resulting from our Second Restated Credit Agreement and debt incurred in connection with our acquisitions in the second half of 2018 and the first quarter of 2019.

#### **Income Taxes**

For the three months ended June 30, 2019 and 2018, we incurred a provision for income tax expense of \$368 and \$408, a decrease of \$40, or 9.9%, respectively. We incurred a provision for income tax expense for the six months ended June 30, 2019 of \$672, an increase of \$81, or 13.7%, from \$591 reported for the six months ended June 30, 2018, respectively.

#### Net Income (Loss)

We incurred a net loss of \$4,967, or \$(0.32) per share, during the three months ended June 30, 2019, compared to net loss of \$3,768, or \$(0.29) per share, during the three months ended June 30, 2018. Net loss as a percentage of total revenues was 20.0% and 17.3% for the three months ended June 30, 2019 and 2018, respectively.

We incurred a net loss of \$7,861, or \$(0.51) per share, during the six months ended June 30, 2019, compared to a net loss of \$5,693, or \$(0.45) per share reported for the six months ended June 30, 2018. Net loss as a percentage of total revenue was 15.2% for the six months ended June 30, 2019 compared to net loss of 13.9% of total revenue for the six months ended June 30, 2018.

We intend to continue to implement our corporate strategy for growing our software and services business by modestly investing in areas that directly generate revenue and positive cash flows for the Company. However, uncertainties and challenges remain and there can be no assurance that we can successfully grow our revenues or achieve profitability during the remainder of fiscal year 2019.

For the Six Months Ended

Working Capital. We had working capital of \$5,289 at June 30, 2019, a decrease of \$6,154 from working capital of \$11,443 at December 31, 2018. Working capital as of June 30, 2019 and December 31, 2018 includes \$11,686 and \$11,849 of short term deferred revenue, respectively. Deferred revenue is an obligation to perform future services. We expect that deferred revenue will convert to future revenue as we perform our services, but this does not represent future payments. Deferred revenue can vary based on seasonality, expiration of initial multi-year contracts and deals that are billed after implementation rather than in advance of service delivery.

<u>Operating Activities</u>. Net cash provided by operating activities of \$2,842 for the six months ended June 30, 2019 was primarily driven by a net loss of \$7,861, a decrease in accounts receivable of \$1,812, resulting from cash collections in the quarter, an increase in accounts payables of \$1,259, and non-cash adjustments to net loss of \$10,012, primarily due to higher depreciation and amortization expense. This was offset by an increase in inventory of \$2,082 and a decrease in deferred revenue of \$256. Net cash used in operating activities of \$4,996 for the six months ended June 30, 2018 was primarily driven by a net loss of \$5,693, an increase in accounts receivable of \$2,576, and a decrease in deferred revenue of \$1,294. This was offset by non-cash adjustments of \$7,487.

<u>Investing Activities</u>. Net cash provided by investing activities of \$21,396 for the six months ended June 30, 2019 is primarily due to the net change in funds held for clients offset by the acquisition of Payroll Maxx in the first quarter of 2019. Net cash used in investing activities of \$27,971 for the six months ended June 30, 2018 is primarily due to the acquisitions in January 2018 and April 2018, offset by a decrease in funds held for clients

<u>Financing Activities</u>. Net cash used in financing activities was \$25,042 for the six months ended June 30, 2019. We incurred \$12,000 of indebtedness. This was offset by debt financing fees of \$1,102 and the net change in client fund obligations of \$32,238. Net cash provided by financing activities was \$52,517 for the six months ended June 30, 2018. We incurred \$41,290 of indebtedness and net proceeds of approximately \$39,220 from the issuance of our common stock in an underwritten public offering we completed in June 2018, partially offset by payments on debt of \$7,767, debt financing fees of \$1,661 and a change in client fund obligations of \$18,497.

<u>Sources of Liquidity</u>. As of June 30, 2019, Asure's principal sources of liquidity consisted of approximately \$14,656 of cash and cash equivalents, cash generated from operations of our business over the next twelve months, and \$1,000 available for borrowing under our Wells Fargo revolver. Based on current internal projections, we believe that we have and/or will generate sufficient cash for our operational needs, including any required debt payments, for at least the next twelve months. We continue to be focused on growing our existing software operations and seeking accretive and complimentary strategic acquisitions as part of our growth strategy. We believe the available sources of liquidity described above will be sufficient to fund such growth activities but may raise additional capital or incur additional indebtedness to supplement those sources as we execute on our growth plan. We may need to raise additional capital in the future in order to grow our existing software operations and to seek additional strategic acquisitions in the future. However, we cannot assure that we will be able to raise additional capital on acceptable terms, or at all. Further, we expect to continue to be in compliance with the terms of our debt agreements and related covenants over the next twelve months.

<u>Capital Resources</u>. At June 30, 2019, we had \$111,648 outstanding under our Second Restated Credit Agreement with Wells Fargo and Goldman Sachs. Under the line of credit at June 30, 2019, we have available funds of \$1,000, as well as \$17,000 on a delayed draw term loan. For further discussion regarding our Second Restated Credit Agreement, see Note 6 to the accompanying condensed consolidated financial statements.

#### **OFF-BALANCE SHEET ARRANGEMENTS**

As of June 30, 2019, we did not have any off-balance sheet arrangements, as defined in the rules and regulations of the Securities and Exchange Commission.

#### COMMITMENTS AND CONTINGENCIES

None.

## **CRITICAL ACCOUNTING POLICIES**

Information regarding recent accounting pronouncements is provided in Note 2, *Significant Accounting Policies*, to the Condensed Consolidated Financial Statements. Such information is incorporated by reference herein.

## ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

There have been no material changes to our exposure from market risks from those disclosed in our 2018 Annual Report on Form 10-K.

#### ITEM 4. CONTROLS AND PROCEDURES

#### **Evaluation of Disclosure Control and Procedures**

Our management is responsible for establishing and maintaining adequate internal control over financial reporting for us. Based on an evaluation under the supervision and with the participation of our management, our principal executive officer and principal financial officer have concluded that our disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act were effective as of as of June 30, 2019 to provide reasonable assurance that information required to be disclosed by us in reports that we file or submit under the Exchange Act is (i) recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms and (ii) accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

#### **Change in Internal Controls over Financial Reporting**

During the period ended June 30, 2019, there were no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## PART II - OTHER INFORMATION

#### **ITEM 1. LEGAL PROCEEDINGS**

Although we have been, and in the future may be, the defendant or plaintiff in various actions arising in the normal course of business, as of June 30, 2019, we were not party to any pending legal proceedings.

## ITEM 1A. RISK FACTORS

There have been no material changes from the risk factors previously disclosed in the Company's Annual Report on Form 10-K, filed with the Commission on March 19, 2019, and investors are encouraged to review such risk factors prior to making an investment in the Company.

## ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

(b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

(c) Evaluated the effectiveness of the Company's disclosure controls and procedures and presented in the Report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by the Report based on such evaluation; and

(d) Disclosed in the Report any change in the Company's internal control over financial reporting that occurred during the Company's most recent fiscal quarter (the quarter ended June 30, 2019) that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting; and

5. The Company's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the Company's auditors and to the Audit Committee of the Board of Directors:

(a) All significant deficiencies or material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the Company's ability to record, process, summarize and report financial information; and

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal control over financial reporting.
