Dated: November 9, 2020 By: /s/ Patrick Goepel

Patrick Goepel, Chief Executive Officer

#### **Asure Announces Third Quarter 2020 Results**

**AUSTIN, TX – November 9, 2020 – Asure (NASDAQ: ASUR),** a leading provider of cloud-based Human Capital Management (HCM) software solutions, reported results for the third quarter ended September 30, 2020.

"Small-business new bookings grew more than 100% year-over-year in the third quarter, revenue was better than expected, and we generated free cash flow. While these positive results were helped by the gradual improvement in economic conditions, specifically higher employment levels and increased business activity, we also onboarded high-caliber sales reps sooner than expected and they quickly became productive. Although the COVID-19 pandemic continues to impact our top line, resulting in unfavorable year-over-year comparisons, as an essential small business, Asure remains committed to helping our 50,000 indirect and 10,000 direct small-business customers grow in this challenging environment," said Chairman and CEO Pat Goepel.

### Third Quarter 2020 Key HCM Highlights

- HCM revenue of \$16.0 Million, above consensus of \$14.6 Million
- Non-GAAP EBITDA of \$1.0 Million, above consensus of \$0.9 Million
- Free cash flow of \$1.4 Million
- Small-business HCM bookings increased more than 100% year-over-year
- Sales reps increased to 64 from 33 at beginning of year
- COVID-19 Resource Center and webinars benefited tens of thousands of small-businesses attendees since launch

### Notes:

- \* Free cash flow calculated as cash from operations less purchase of property plant and equipment as well as capitalized software
- \* Loss from continuing operations. With the sale of the Workspace Management division on December 2, 2019, Asure has classified this business line as discontinued operations for the fiscal year 2019. As a result, Workspace Management is not included in GAAP revenue, GAAP gross profit, GAAP gross margin, and GAAP net income from continuing operations for the periods presented above. While discontinued operations are included in GAAP net income, it is not included in GAAP net income from continuing operations.
- \* Non-GAAP financial measures are reconciled to GAAP in the tables set forth in this release.
- \* Historical non-GAAP Net Earnings Per Share from Continuing Operations adjusted for 0% effective tax rate for comparison purposes.
- \* NM indicates Not Meaningful Information

#### **Financial Commentary**

"Asure's key business metrics continued to improve since the end of May, in line with U.S. employment and GDP, but it is still unclear whether this trend will continue given the uncertain macroeconomic environment. Nevertheless, we remain focused on our product-innovation and go-to-market investments. Furthermore, we are extremely proud of our employees' level of commitment to our customers and their excellent execution during these unprecedented times," said Mr. Goepel.

"We are encouraged by the strong momentum with new business bookings and continue to manage costs prudently, demonstrated by positive free cash flow this quarter. Although revenue, gross profit, and adjusted EBITDA year-over-year declines are still being driven by COVID-related lower check volumes, these declines have improved substantially over the last two quarters," Mr. Goepel continued.

#### Asure delivered the following results (HCM only) for its third quarter ended September 30, 2020:

**Revenue:** Total revenue for the third quarter of 2020 was \$16.0 million, a decrease of 10% from \$17.9 million in the year-ago quarter. Revenue mix for the quarter was comprised primarily of recurring revenue, which represented 95.4% of total revenue with professional services, hardware and other revenue representing the remaining 4.6%.

**Gross Profit:** GAAP gross profit for the third quarter of 2020 was \$9.1 million (56.7% margin), a decline from \$10.8 million (60.3% margin) in the year-ago period. Non-GAAP HCM gross profit for the third quarter of 2020 was \$10.3 million (64.3% margin), a decline from \$11.6 million (65.2% margin) in the year-ago period.

**Earnings (Loss) per Share:** GAAP loss per share from continuing operations were \$(0.30), compared with \$(0.36) in the year-ago period. Non-GAAP HCM earnings per share were \$(0.03), as compared with \$(0.07) in the year-ago period.

**Non-GAAP HCM EBITDA**: Non-GAAP HCM EBITDA was \$1.0 million (6.2% margin), representing a decline from \$3.0 million (17.0% margin) in the year-ago period.

#### **Announces Leadership and Board Changes**

**John Pence Appointed CFO.** Mr. Pence was named Chief Financial Officer effective today, replacing Jay Powers. Mr. Pence has 28 years of leadership experience in accounting, finance, and operations at a variety of both publicly-traded and privately-held technology companies that served both large and small businesses. Most recently, he served as CFO of a leading HR benefits provider and helped direct a successful exit for the company's investors.

**CFO Jay Powers Resigned due to Family Health Reasons.** We have not yet confirmed Mr. Powers' last day with us, which will be dependent upon our need for transition support.

**Independent Board Member Charles Lathrop Resining due to Health Reasons.** Mr. Lathrop has been a Board Member since 2018. His resignation will be effective December 31, 2020.

"We are delighted to welcome John to Asure's leadership team. John brings a very strong track record of success leading high-performing finance organizations at technology companies. At the same time, while we are disappointed about Jay and Charlie's departure from Asure because of their outstanding backgrounds and valuable contributions, our thoughts and prayers are with both Jay and Charlie as well as their families during this difficult time," said Mr. Goepel.

"Despite the unfortunate personal situation that caused this opportunity to become available, I am excited to join Asure's experienced leadership team. Asure is uniquely positioned as a leading SaaS HCM provider for 60,000 small businesses, and I am eager to help the company build on the foundation built by Pat and his team and continue on its plans for double-digit organic and inorganic growth," said CFO John Pence.

"I would like to thank Pat and the Board for the opportunity to serve as Chief Financial Officer. But I think it is in Asure's and my own best interest to resign so that I can focus on my family health matters," said Mr. Powers.

"It has been my pleasure to serve on Asure's board and I am excited about the company's future prospects. Unfortunately, due to health reasons, I need to resign my board position to focus on my family and getting better. I wish Pat and the rest of the board nothing but the best," said Mr. Lathrop.

#### **Recent Business Highlights**

**Hosted Annual Reseller Conference.** The well-attended virtual event featured more than 25 training sessions over two days. Representatives from many of our existing 200-plus resellers participated as well as prospect resellers.

**COVID-19 Resource Center.** This initiative continues to help SMBs survive the pandemic and rebound in the aftermath of the pandemic. These resources include disaster-proof payroll with paycards, free emergency HR services, stimulus package for businesses questions answered, and multiple free educational webinars.

**Added to Russell 3000**® **Index.** Effective June 8, 2020 Asure was added as a member of the broad-market Russell 3000 Index as part of the 2020 Russell US Indexes reconstitution. Membership remains in place for one year and means automatic inclusion on the small-cap Russell 2000® Index as well as the appropriate growth and value style indexes.

#### **Conference Call Details**

Asure management will host a conference call today, Monday, November 9, 2020, at 4:30pm Eastern time (3:30pm Central time). Asure CEO Pat Goepel and CFO John Pence will host the conference call, followed by a question and answer session.

U.S. dial-in: (877) 853-5636 International dial-in: (631) 291-4544

Conference ID: 6258923

The conference call will be broadcast live and available for replay via the investor relations section of the company's website.

\*Non-GAAP Financial Measures. This press release includes information about non-GAAP diluted earnings per share, non-GAAP tax rates, non-GAAP net income, non-GAAP gross profit, and non-GAAP EBITDA (collectively the "non-GAAP financial measures"). These non-GAAP financial measures are measurements of financial performance that are not prepared in accordance with U.S. generally accepted accounting principles and computational methods may differ from those used by other companies. Non-GAAP financial measures are not meant to be considered in isolation or as a substitute for comparable GAAP measures and should be read only in conjunction with the company's consolidated financial statements prepared in accordance with GAAP.

Non-GAAP EBITDA differs from GAAP net loss in that it excludes items such as interest, tax, depreciation, amortization, stock compensation, and one-time expenses. Asure is unable to predict with reasonable certainty the ultimate outcome of these exclusions without unreasonable effort. Therefore, Asure has not provided guidance for GAAP net loss or a reconciliation of the foregoing forward-looking Non-GAAP EBITDA guidance to GAAP net loss

Management uses both GAAP and non-GAAP measures when planning, monitoring, and evaluating the company's performance.

The primary purpose of using non-GAAP measures is to provide supplemental information that may prove useful to investors and to enable investors to evaluate the company's results in the same way management does.

Management believes that supplementing GAAP disclosure with non-GAAP disclosure provides investors with a more complete view of the company's operational performance and allows for meaningful period-to-period comparisons and analysis of trends in the company's business. Further, to the extent that other companies use similar methods in calculating non-GAAP measures, the provision of supplemental non-GAAP information can allow for a comparison of the company's relative performance against other companies that also report non-GAAP operating results.

Specifically, management is excluding the following items from its non-GAAP earnings per share, as applicable, for the periods presented in the first quarter 2020 financial statements:

Quarterly and annual GAAP income statements for 2019 were recast as if the Workspace Management business, which was sold on December 2, 2019. Further, the Workspace Management GAAP income statements were recast into income from discontinued operations.

**Stock-Based Compensation Expenses.** The company's compensation strategy includes the use of stock-based compensation to attract and retain employees and executives. It is principally aimed at aligning their interests with those of our stockholders and at long-term employee retention, rather than to motivate or reward operational performance for any particular period. Thus, stock-based compensation expense varies for reasons that are generally unrelated to operational decisions and performance in any particular period.

**Amortization of Purchased Intangibles.** The company views amortization of acquisition-related intangible assets, such as the amortization of the cost associated with an acquired company's research and development efforts, trade names, customer lists and customer relationships, and acquired lease intangibles, as items arising from pre-acquisition activities determined at the time of an acquisition. While these intangible assets are continually evaluated for impairment, amortization of the cost of purchased intangibles is a static expense, one that is not typically affected by operations during any particular period.

**Income Tax Effects and Adjustments.** Beginning in first quarter 2018, the company started using a fixed projected non-GAAP tax rate in order to provide better consistency across the interim reporting periods by eliminating the effects of items such as changes in the tax valuation allowance and non-cash tax effects of acquired goodwill and amortization, since each of these can vary in size and frequency. This tax rate could be subject to change for a variety of reasons, such as significant changes in the acquisition activity or fundamental tax law changes in major jurisdictions where the company operates. The company re-evaluates this tax rate on an annual basis or when any significant events that may materially affect this rate occur. The non-GAAP tax rate is currently projected to be approximately zero (0.0) percent.

Amortization of Capitalized Internal-Use Software, Acquisition-Related, and One-Time Expenses. The company's non-GAAP financial measures exclude amortization of internal-use capitalized software costs and acquisition-related expenses as well as one-time expenses, such as material tax credits, material interest-expense credits, severance, recruitment, proforma adjustments of the impact of post sale HCM restructuring, and relocation.
